

Infant Details:

Our **infant room** has a 1:4 ratio with 3 teachers for 12 children ages 6 weeks to 12 months. Our Infant schedule will be individualized for each infant based on his or her needs including (but not limited to) meals, comfort/bonding time, tummy time, diapering, dressing, sleeping, and indoor/outdoor play and exploration.

*Tuition for the infant room includes formula, if needed. It also includes baby cereals and stage 1 & 2 foods. We help the children to progress to table foods according to their readiness and abilities.

Toddler Details:

Our **toddler room** has a 1:4 ratio with 3 teachers for 12 children ages 12 to 24 months. Our daily schedule for toddlers is designed to enhance their learning experience with developmentally appropriate toys, games, and activities. The schedule continually evolves to meet the needs of the children as they grow.

*Tuition for the toddler room includes breakfast at 9:00am, lunch at 12:00pm, and an afternoon snack at 3:00pm.

All infants and toddlers have a chance to visit with our adult participants at least once a week. They also will join the rest of the center when we have whole-center intergenerational activities. Other activities that our infants and toddlers participate in include: tummy time, reading books, buggy rides, listening to music, singing songs, outdoor play, blocks, interactive play, process art, gross motor development, and social/emotional growth.

Every child at Generations Crossing is assessed twice a year using the Ages & Stages Questionnaires. This is a collaboration between teachers and parents with conferences held to discuss the results and each child's progress.

Thank you for your interest in our programs.
