

School Age Details:

Generations Crossing offers a high quality, innovative before and after school program. We provide an intentionally planned learning environment where children's natural sense of wonder and curiosity are cultivated through the learning tools of exploration, play, and discovery.

Unique to our program is the special opportunity for children to develop meaningful relationships with peers and adults within our loving, intergenerational setting. Regular interaction with adults encourages special relationships that build caring, respect, pride, and dignity between generations.

During the school year, Generations Crossing serves school age children from Cub Run and Peak View Elementary schools. Buses from these schools bring children to the center daily.

Our daily schedule for after school children is flexible and will be based on individual needs of children:

- ✓ Nutritious snack
- ✓ Homework time
- ✓ Art/Crafts/Games
- ✓ Outdoor play
- ✓ Self-selected play

*Tuition includes a nutritious snack.

*We also offer full-day care when schools are closed during the school year. Children may attend through age 9. If they turn 10 during the school year, they may still finish out the school year with us.

Thank you for your interest in our programs.

Should you have specific questions, please reach out to us via our website, phone or with a scheduled visit.
